1	Yes	Interest in neighborhood.		Conflict with other meetings. Guided tour of Capitol (October) is at the same time/date as Civic Club.						
2	Yes	It's important to me to be a part of my neighborhood.								
3	Yes	McGrath Association membership.								
4	Yes	No response.		Time of programs and meetings.						
6	No		Free evenings for meetings.							
7	Yes	New to the neighborhood.				Enjoy the places in area.				
8	Yes	We had just moved here from San Francisco after a 10-year absence, and we were anxious to get to know our neighborhood. My neighbors belong, and I want to be supportive of my community.								Spouse is full-time employed. Thanks for all your hard work.
9	Yes	My neighbors belong, and I want to be supportive of my community.								We all appreciate CNI's efforts.
10	Yes	No response.								
11	Yes	Commitment to community in both a general/global sense and also to this community.								
12	Yes	Two significant individuals: Ladell Zellers and Sheridan Glen.				Sometimes meet at the Concourse, and sometimes at a historic building in the downtown area.	Panel of the four downtown churches. What's the buzz? Tell me what's happening. What are the churches doing to help be part of downtown Madison's transformation?	Work in Capitol Centre.	Work in Capitol Centre.	Thanks for asking.
13	Yes	I live in the neighborhood, and I'm concerned about neighborhood development.		Schedule.						
14	Yes	Work downtown. Interested in downtown.		Schedule.				Single family home in Greenbush.		
15	Yes	Originally was given a membership. I believe CNI is important to help improve quality of life in downtown Madison. It also provides an opportunity to meet other downtown residents. I used to go to meetings and have an interest in the neighborhood.		Also, some programming not of interest.			Possibly sponsorship of neighborhood cleanup campaigns, work groups.			
17	Yes			Child care.

18	Yes	I moved downtown, though I had joined about a year before actually moving in 2001.		Schedule.						
19	Yes	Know what is going on in the area.							Waunakee.	
21	Yes	Concern for neighborhood we live in. Desire to know about projects.		Schedule.	Previously purchased our own for a couple as renters; bought a condo, so get one-year extension.					
22	Yes	The progressive views and good organization of CNI, as well as their mission to pursue quality of life in the isthmus.						Old Market Place neighborhood		
23	Yes	Neighbor.		Seems like a rather upper-class organization, not for working-class people.						
24	Yes	We plan to move downtown in 2004 and want to be familiar with activities and opportunities that downtown offers.		Disinterest in topic or conflict with other activities.			How to be safe, especially at night. We would be walking from Overture and restaurants after dark in the fall and winter. We will be living at Main Gate, so we will be vulnerable for a few blocks. We are now 77 and 78 years old.	Hilldale area.	Own a condo in the Hilldale area.	A great and effective organization. Keep up good work.
25	Yes	Moving downtown.		Potential conflict of influence.						
26	Yes	Contact with other downtown residents.		Low interest in some of the meetings.			Keep it nonpolitical and nonideological.			
27	Yes	Learn more about the neighborhood.					Getting more stores downtown to serve neighborhood residents. Parking and parking enforcement, preservation of older trees.			
28	Missing data	No response.								
29	Yes	Moving to the neighborhood.								
30	Yes	Interested in city planning.		Disability and travel problems.					Own and live, and have a tenant.	
31	Yes	Moved downtown eight years ago.		Schedule.						
32	Yes	Moved to the neighborhood, and thought I'd meet people.								
33	Yes	My job at St. Patrick's is important to the functioning of the parish, as I do outreach; thus, I felt it important to be active and visible in the community, i.e., CNI. Neighbors asked me to join and renew.		If the topic seemed to be integral to St. Patrick's, I did come.			Are there any Native Americans (Indians) who would tell of the original mounds and land uses? I don't live here, I only work here, so it's not handy to come frequently.	Isthmus, by First St.	I work at St. Patrick's, 404 E. Main.	I am very supportive of all that CNI has done for the area for so long, and I promise help as needed.

34	Yes	Living in the neighborhood.		I don't want to walk the short distance at night. (I'm thinking it's okay to drive.)		Any downtown location.	Could a neighborhood watch work in all, or only parts, of downtown?			
35	Yes	As a resident, am interested in the shape the neighborhood and city takes.		Schedule.						
36	Missing data	No response.								
5	Yes	We were neighborhood associate members where we lived before we moved downtown.				Don't care.				
20	Yes	My nephew was assaulted on State Street, and I wanted to help prevent things like that from happening again. Julie Verveer encouraged me to join. Also, I've lived here for a number of years, so I should be involved.		Not interested, or I forget.						I'm glad the cost for this survey was donated. It would not have been prudent to spend money on it otherwise. I used to be on the CNI e-mail list, but people bickered and became too petty for me. Most of the discussions held an interest for a very few. Safety is an issue here.
16	Yes	Want to create a community and be able to contribute to making downtown a better place.		No barriers except maybe lack of time.			Tours of other buildings, such as Science Hall, Bascom Hall, Findorf warehouse. Discussions with Willy St. people who are trying to do preservation stuff. Interaction with Planning Commission (all), Landmarks Commission, City Council members. Things students might go to. Cooking seminar/interaction.			Some of the questions are very dependent on who the speakers would be.
37	Yes	I like to be informed on issues affecting this area.						North Madison.	Own a home.	
38	Yes	Interest in the quality of life in the neighborhood I live in.								
39	Yes	Moving to a condo in capitol neighborhood (Bassett).		We plan to be "regulars" when we retire this June.	Original membership through Joe Krupp. Current membership purchased.		Ways to help senior citizens in the capitol neighborhood (garden, shovel snow, etc.). How to make better connections with students and/or University in order to make a better environment for all. For example, a way to have students who are on campus during holidays join CNI members for dinner.	Just moved in. Owned for two years but rented out.		The idea of "neighborhood" is wonderful. As the population in the downtown area increases, might the individual neighborhoods (i.e., Bassett, Mansion Hill, etc.) perhaps be more valuable meeting venues, and CNI a less frequent meeting? For example, CNI general gatherings only four times a year, but individual neighborhood meetings more often. CNI could be the important link between all and help individual neighborhoods get organized.
40	Yes	No response.					The past several programs have been excellent.

41	Yes	Business and personal interest.						Marquette neighborhood.		Keep at it. Very impressive activity in this organization. Thank you!
42	Yes	Downtown agency, serving older people. Given membership when I purchased my condo.			Agency purchase.	Consistent meeting place wherever.			Work in area.	
43	Yes									
44	Yes	Our Realtor suggested we join.			Realtor.					
45	Yes	Concern for liability of downtown neighborhoods, and to encourage more residents.				And possibly a downtown business.		Near West side.		
46	Yes	An interest in people and issues of my neighborhood.								
47	Yes	Information, community involvement, and problems of mental illness and substance abuse.		Forget; would like one schedule for the year.		Variety of spaces.	Downtown volunteer opportunities on special events like the St. Patrick's Day Parade.			Community gardening opportunities with Aldo Leopold Center.
48	Yes	Want to see my neighborhood improved.								
49	Yes	Lived downtown at the time.						Bay Creek neighborhood, South Shore Drive.	Used to live downtown; still want to be connected.	More events for young people and families.
50	Yes	I usually join the neighborhood organization wherever I live to know more about the neighborhood and its resources and concerns.								I like it here—so much that I find I'm picking up trash on the streets to tidy up the place. I wish other dwellers, businesses, Meriter Heights etc., would do likewise, especially the broken glass on Fairchild part of Washington. And I beg the indulgence of any Capitol residents who are uncomfortable with the "foreigners" who cluster around Grace Church to receive food from the pantry and shelter for homeless men. Just be glad that some people need help, and others can give help.

51	Yes	No response.				We live at Meriter Heights and have no car. We seldom go anywhere in the evenings anymore. Have recently attended meetings only when they are at Meriter.				
52	Yes	It seemed important to support efforts to strengthen neighborhood life.				Rotate among several locations--don't just patronize one hotel, could use rooms in other places, too.				
53	Yes	No response.								Doing a fine job.
54	Yes	Living downtown and interested in what's going on from a resident's point of view.								Good work. I appreciate the efforts of all the good people who keep the organization running.
55	Yes	I am a resident and work downtown. I see a need to stay vigilant to preserve the residential character downtown.					The evolution of State Street, its future, restoration, and character. Continuing update on Overture. Neighborhood festival/block party (I know this has been tried in the past, but maybe it is time to try again with new residents).			
56	Yes	I think it's helpful to know about the neighborhood. I've been impressed with the leadership at meetings I've been to. I also think we should support the group which is trying to improve things.				I'm 82, and while I can walk, I hesitate to go alone, especially at night. I have gone when invited, but I won't ask anyone to take me.				
57	Yes	Moved downtown in 2001.								
58	Yes	Colleagues.

59	Yes	Owning a home in the Mansion Hill district, I believe it's important to preserve the architectural integrity of a neighborhood.		Do not currently live in Madison.						It would be great to have some meeting programs; events on Saturdays or Sundays so I can attend. Also, it seems I get the newsletter after, or too close to, the event to make plans to attend. I'd be more active if some events were on weekends.
60	Yes	McGrath Association paid for our first year of membership.						Capitol Point Condos.		
61	Yes	No response.					Have some of the street people/panhandlers present a program—would like to know how they see us.			Old Market Place should be included in Capitol Neighborhoods. CNI caters to the "well off." Instead of a Christmas party for "us," hold a party for people who live at the Y or Salvation Army.
62	Yes	Involvement with renovation of Brittingham boathouse.			Initial membership complimentary.			Vilas neighborhood.	Own single-family home in Vilas Heights.	
63	Yes	Desire to know more about my neighborhood and the other people living here.							Meriter Heights Retirement Community.	
64	Missing data	No response.								
65	Yes	Caring about central Madison housing and quality of life.								Group needs to focus on things it can influence to improve the downtown area.
66	Yes	Capitol Point-Todd McGrath					History of commercial buildings in downtown area.			
67	Yes	Moved downtown.		Forgetting. Poor health during previous year. Next year will be better. We purchased our own membership, but later McGrath also gave us membership.	Will continue after initial membership expires.		No.			No.
68	Yes	Joined a couple years ago when we planned to move from the fringe of Madison to downtown, which we have done.			Can you purchase your own CNI membership?	Present schedule is good.		Capitol Point Condos.	Own condo at Capitol Point.	This organization does a wonderful job. Keep up the good work!

69	Yes	I moved into the Bassett neighborhood several years ago and hope to stay here for many more years.								
70	Yes	A member gave me a membership form to fill out.		Can't meet weekdays, evenings, or nights.		Not very picky about where.	Dealing with neighbors who are noisy in "the wee hours" of the morning. Native people and immigrants and their cultures/countries in the history and present of Capitol Neighborhoods.			
71	Missing data	No response.					Democratic participation within CNI—is it representative of neighborhood demographics? Non-resident members versus resident members and ethics of condo-owners buying membership.			The importance of the N.A.. is giving the neighborhood residents a powerful voice. This is compromised by non-residents (business and condo owners) getting memberships for themselves and others. The active members are richer than the CNI demographics. Can they act in the popular interest?
72	Yes	No response.								
73	Yes	Other members.								I enjoyed the Capitol restoration presentation.
74	Yes	First-year dues paid by developer of my condo building.		I'm not currently in Madison regularly.						I like and read your newsletter, even though I haven't made it to a meeting.
75	Yes	Our home is here; we believe in neighborhood benefits from a formal organization of residents.		Live six months elsewhere. Meeting day conflicts with UW evening class.						E-mail announcements should not be formatted but sent as plain text or composed on-line. Somehow better communication within neighborhood for events, concerns of neighborhood, balance of early and just-before notification. This survey is a great idea. Thank you.
76	Yes	Desire to make neighborhood a better place.					More trash receptacles—different groups/condos could adopt/maintain.			
77	Yes	Had been member of our neighborhood association in our previous neighborhood.				Concourse is fine; other locations, such as Inn on the Park, are fine too.	I would like to see more CNI involvement in discussions regarding proposed developments, e.g., the proposed Glock 48 development kept to Doty School condos. It seems that CNI is evolving into more of a social organization here than in the past.			
78	Yes	The "downtown cause" now; originally, I saw the city doing what I considered ill-conceived things, so I wanted to have input into this process.				Perhaps meetings at various historic homes and buildings.	Downtown home/buildings seminars. Get more people to buy and live downtown! Mailing/phoning owners of homes and buildings downtown of historic significance to let them know about the treasures they own.			
79	Yes	I wanted to become more involved in my neighborhood and meet new people.					I like the black and white program.

80	Yes	Current events downtown, e.g., Monona Terrace, prostitution in First Settlement neighborhood.				Location not important.	UW-Madison relationships, possibly PACE project on house parties, drinking, plans for campus art corridor, and use of speaker's bureau.			Liked the programs on Overture, Capitol renovation and Lamarr Billups. Thanks.
81	Yes	I wanted to see what it was all about and wanted to interject a young voice into the mix.		Usually they are not of interest to me.			Help young residents with home ownership and historic preservation. Why are our "architectural historians" finding new buildings to look like Disneyland versions of old buildings? Where is the modern architecture? Where are the green buildings?			The meetings and attitudes here seemed to embrace developers. Why is the president a real estate agent? Isn't that a conflict of interest? I have been an active person for two years, and I still don't understand the purpose of this organization.
82	Yes	Peer pressure.				Easiest venue to organize.	Artist studios/housing development.			I appreciate the extra entertainment/info aspect of meetings in the last one year-plus, but my own schedule has made it hard to come. We barely made it to holiday parties.
83	Yes	Protection and enhancement of the value of my home, i.e., condos.								
84	Yes	A strong interest in neighborhood and community affairs and encouragement from neighbors in First Settlement.
